Dear Louise Reichlin,

On behalf of the City of Fontana, we would like to thank you and Los Angeles Choreographers and Dancers for your performance at the Steelworkers' Auditorium on February 27, 2009. The professionalism of your organization, from the booking arrangements through the skilled dancers, truly made hosting you in our community a joy, ease, and entertaining experience for all audience members and staff.

The unique, talented, and energetic performance really engaged the audience and gave them something to go home and talk about. It was a great concept to directly involve the audience in your performance by letting them solve the mystery of your Identity Dance. Los Angeles Choreographers and Dancers engaged the audience in an exciting and entertaining performance.

Your performance was well received by our community, and by far the best performing arts experience that we have had in the Steelworkers' Auditorium to date. It served as high quality performing arts exposure to our community members that may not have any other way to experience such an event.

We hope to have your dancers perform for the City of Fontana at future events, and would like to encourage other venues and theaters seeking modern dance entertainment to enjoy the delights and talents of the Los Angeles Choreographers and Dancers.

Thank you so much for all that you did and keep on dancing.
